- "means a more responsive and accountable local government structure instituted through a system of decentralization"
- "does not contemplate making mini-states out of LGUs"
- "LGUs xxx form part of the whole" (unitary)
- "Regional autonomy is the degree of self-determination exercised by the LGU vis-à-vis the central government."
- "Autonomy is either decentralization of administration or decentralization of power."
- "Decentralization comes in two forms: deconcentration and devolution."
- "Decentralization simply means the **devolution of national** administration, not power, to LGUs."

Decentralization of Administration	Decentralization of Power	
Delegation of Administrative Powers – Regulatory Powers and Basic Services	Abdication of Political Power	
Relieves State from Burden of Managing Local Affairs	Free to Chart own Destiny	
Executive Supervision	Executive Supervision Minimal State Intervention	
Accountability to Central Government	Accountability to the Constituency; Self-Immolation	
Provinces, Cities, Municipalities and Barangays	Autonomous Regions	

Administrative Decentralization	Political Decentralization	
Deconcentration	Devolution

LGC: Section 528	LGC: Section 17	

# 2. Devolution

- 3. Personnel
- 4. Assets, Equipment and Property
  - Administrative autonomy involves devolution subject to limitations – national policies, standards and laws

Devolution is **power-specific**. Only those powers enumerated by law are transferred to LGUs. Those not expressly transferred are retained by the NGAs.

# 2. Devolution

### **Basic Services**

Areas	Delegation	Devolution
What is transferred?	State Powers	Power of NGA
Basis of Transfer	Law; Congress	Congress (or President)
Effectivity of Transfer	Immediate; law effectivity	NGA facilitates actual transfer
Examples	Police Power, Tax, Expro, Local Legis	DSWD; DENR; HLURB; LTFRB

- "Congress retains control of the local government units although in significantly reduced degree xxx"
- "The Constitution confines the President's power over the LGUs to one of **general supervision**. This provision has been interpreted to exclude the power of control."
- cannot be "blunted by undue interference by the national government in purely local affairs" (PDAF)
- "The President can only interfere in the affairs and activities of a local government unit if he or she finds that the latter has acted contrary to law." (DILG can require full disclosure of budgets and expenses of IRA since required by law)
- "The matter being peculiarly local in nature, the municipal council alone is in a better position xxx" (Principle of Subsidiarity); superior competence in local matters; purely local affairs best resolved by the officials and inhabitants of such political units

### Supervision

- Overseeing
- Ensure that supervised unit follows law/ rules
- Allows interference if supervised unit acted contrary to law
- Over actor and act
- There must be a law (Yes -DOJ, DBM; None - DILG, DENR)

- "The Local Government Code xxx directs executive officials and employees of the municipality to faithfully discharge their duties and functions as provided by law."
- Grants LGUs power to reorganize and streamline bureaucracy, adopt organization development program
- LGU no power over program funded under GAA even if it involves delivery of basic services in LGU

- National or cross-boundary concerns are best addressed by NGAs/ GOCCs

#### **National Dimension Rule**

In sum, follow the law.

### In favor of **LGU** if:

- Local autonomy
- Local concern/ issue
- 'Isolated' issue
- No law will be violated
- Amounted to control
- Express repeal; Conclusive implied repeal
- Beyond powers of NGA/ GOCC
- Local concerns are best addressed by LGUs (Principles of Subsidiarity and Stewardship)

**Local/ Municipal Dimension Rule** 

# 3. Powers of LGUs

- LGUs not possess inherent powers but have broad powers because of local autonomy
- LGUs have constitutional and statutory powers
- Powers interpreted in favor of LGUs (local autonomy; fiscal autonomy; local over national; lower over higher)
- Liberal (devolution, fiscal autonomy) and strict (police power [2016], taxation and eminent domain)

- Delegated to all LGUs
- Basis of Police Power: General Welfare Clause (the delegation in statutory form of the police power of the State to LGUs)
- Reason for Delegation: Dual Agency
- Hierarchy: The general welfare in terms of economic benefits cannot override the very basic rights to life, security and safety of the people
- Breadth: not overinclusiveness (greater burden than necessary)(2016)

- 2 Requisites: Lawful Subject (equal protection; public interest requires interference) and Lawful Method (due process; reasonable means to achieve purpose)
- 2 Tests: Rational Relationship (governmental interest and means) and Strict Scrutiny (compelling, not just substantial)
- Precautionary principle: relevant if there is concurrence of three elements, namely: uncertainty, threat of environmental damage and serious or irreversible harm. In situations where the threat is relatively certain, or ·that the causal link between an action and environmental damage can be established, or the probability of occurrence can be calculated, only preventive, not precautionary measures, may be taken. (2016)
- 2 Branches: General Legislative (e.g. abate nuisance, business permit) and Police Power Proper (e.g. curfew)

#### Cannot be Done

- 1. Prohibit establishment of PAGCOR casinos
- 2. Prohibit setting up of PCSO lotto outlets
- 3. Regulate Jai Alai frontons
- 4. Regulate professions regulated by PRC
- Operate dumpsites in violation of environmental standards
- 6. Issue drivers' licenses
- 7. Register motor vehicles
- 8. Regulate or Tax jueteng

- Prohibit the operation or establishment of massage parlors, beerhouses, motels, etc. in a certain area/ road or conversion to other businesses without just compensation
- 10. Order the closure of a bank not performing illegal activities for non-payment of taxes
- 11. Padlocking of an establishment without according owner due process
- 12. Allow 3 cockpits

- 14. Declare a thing a nuisance per accidens
- 15. Demolition of a building without court order
- 16. Declare a gas station as nuisance per se
- 17. Ban Rallies

- 18. Lease of public plaza
- 19. Wanton denial of issuance of mayor's permit
- 20. Mayor not remove oil terminals per ordinance
- 21. Mayor not release funds when appropriations approved
- 22. Demolish a wall or build a fence with a setback for the purpose of allowing the general public to use the property of the private owner for free depriving the owner of exclusive use
- 23. Mayor ordering demolition of structures violating National Building Code (Building Official is the one authorized)
- 24. Order the summary demolition or eviction if it was not shown that the structures are in danger areas or public areas; or when the occupants are neither new squatters nor professional squatters nor members of squatting syndicates as defined in RA No. 7279
- 25. Order a donation of delineated road without just compensation (2016)
- 26. Demand compliance within an unreasonable period under pain of penalty (2016)

#### Can be done

- 1. Issue a zoning ordinance
- Prohibit the expansion of a hospital based on the approved a new zoning ordinance
- 3. Restrict the use of property since contractual restrictions on the use of property could not prevail over the reasonable exercise of police power
- 4. Declare a thing a nuisance per se
- Demolish a hotel declared as a nuisance per accidens since property rights can be subject to restraints in order to fulfill objectives of gov't
- 6. Order stoppage quarrying operations when operator has not secured provincial permit

- Privatize the administration of parking for environmental and peace and safety reasons
- 8. Punong barangay can issue barangay protective order (Anti-Violence against Women and Children)
- 9. Purchase the property on behalf of the city (by the City Treasurer), in the absence of the public in the public bidding

Barangays, on the other hand, have the authority to impose fees for the collection and segregation of biodegradable, compostable and reusable wastes from households, commerce, other sources of domestic wastes, and for the use of barangay MRFs

- 11. Demolitions and evictions may be validly carried out *even without* a judicial order in the following instances: (1) when the property involved is an expropriated property xxx pursuant to Section 1 of P.D. No. 1315; (2) when there are squatters on government resettlement projects and illegal occupants in any homelot, apartment or dwelling unit owned or administered by the NHA pursuant to Section 2 of P.D. No. 1472; (3) when persons or entities occupy danger areas such as esteros, railroad tracks, garbage dumps, riverbanks, shorelines, waterways and other public places such as sidewalks, roads, parks and playgrounds, pursuant to Section 28(a) of R.A. - 12. Redeem property for tax deficiency notwithstanding fraud committed by officers
- 13. Supervise and control the collection of garbage

- Nature: essentially legislative (2016)
- Definition: Taking of Private Property for a Public Purpose upon payment of Just Compensation
- Compared to Police Power: Compensable Taking (can be used after taking; transfer of business; portion for indigent - ED; zoning - PP)
- Not Inherent; Delegated; 'Inferior' Domain
- Limitations: Observance of due process and Payment of just compensation (strict construction)
- Foundation: genuine public necessity (not present when others willing to sell; other facilities available)
- Enabling Measure: Ordinance (Not Resolution)

- LGU Branch: Legislative and Executive
- Reason stated in Ordinance
- Ordinance before Expropriation case
- RTC has jurisdiction (incapable of pecuniary estimation)
- Valid and definite offer (not just meeting to discuss project and price)
- Comply with Constitution and Statutes (e.g. UDHA where private land last option)
- Immediate Entry: Sufficiency in Form and Substance and Provisional Deposit; Determination of public purpose in a hearing not required
- Prompt payment required (2016)

- Role of Higher-Reviewing LGU: Question of Law - Within Scope, Followed Procedure, Not Choice of Property
- Role of Courts (RTC): Necessity, Choice of Property, Just Compensation, Requirements, Compel Execution/ Payment
- Role of NGAs: DA/ DAR approval not required (agricultural land)

# 4.1 Fiscal Autonomy

- "Local autonomy includes both administrative and fiscal autonomy."
- "Fiscal autonomy means that local governments have the power to create their own sources of revenue in addition to their equitable share in the national taxes released by the national government, as well as the power to allocate their resources in accordance with their own priorities."
- "It extends to the preparation of their budgets, and local officials in turn have to work within the constraints thereof. They are not formulated at the national level and imposed on local governments, whether they are relevant to local needs and resources or not."
- Fiscal autonomy does not leave LGUs with unbridled discretion in the disbursement of public funds. They remain accountable to their constituency.

# 4.1 Fiscal Autonomy

- "The only way to shatter this culture of dependence is to give the LGUs a wider role in the delivery of basic services, and confer them sufficient powers to generate their own sources for the purpose." (no local autonomy without fiscal autonomy and vice-versa)
- "The important legal effect of Section 5 (of Article X of the 1987 Constitution) is that henceforth, in interpreting statutory provisions on municipal fiscal powers, doubts will have to be resolved in favor of municipal corporations."
- NGA cannot impose limitation when law imposes none.
   (allowance of judges, RATA)

# 4.2 Power to Tax

- Nature of Grant: Constitutional (not merely statutory); Not Inherent (subject to qualified congressional control); not absolute; but statutory limitations must not be inconsistent with local autonomy
- Legislative Control: Congress must still see to it that (a) the taxpayer will not be over-burdened or saddled with multiple and unreasonable impositions; (b) each LGU will have its fair share of available resources; (c) the resources of the national government will not be unduly disturbed; and (d) local taxation will be fair, uniform and just
- Contrasted with Regulatory Fees: a regulatory fee must not produce revenue in excess of the cost of the regulation because such fee will be construed as an illegal tax when the revenue generated by the regulation exceeds the cost of the regulation (e.g. garbage fee)

### 4.2 Power to Tax

- Object: "Widen tax base of LGUs"
- List: not exclusive (e.g. socialized housing tax); even if no grant since part of residual power provided no prohibition (2016)
- Exclusive Benefit: shall exclusive accrue to levying LGU; Local taxes cannot be earmarked for non-LGU use
- Lifting of Tax Exemption: removal of the blanket exclusion of instrumentalities and agencies of the national government from the coverage of local taxation

# 4.2 Power to Tax

### Liable

- Meralco (Pre-LGC exemption lifted)
- PLDT (most favored clause is not tax exemption)
- Presidential-created EcoZones
- Since GOCC:
  - PPA
  - NPC
- LRTA (proprietary power; not generally accessible)
- Leased Properties of (beneficial use with taxable person):
  - Lung Center
  - PPA

### **Exempt**

- Digitel (Post-LGC exemption)
- Lung Center (charitable institution)
- Subic Ecozone (created by law)
- Since GI:
  - MIAA
  - Mactan Cebu Airport
  - PFDA
  - GSIS
- PAGCOR (governmental power)
- Public Domain Properties
  - PPA Ports
  - MIAA Airport

### 4.2 Power to Tax

- Exemption non-transferable
- When cap imposed: LGUs can levy below cap set by law since LGUs given option
- Exceptions: Any exception to the express prohibition under the LGC should be specific and unambiguous
- Executive Review: DOJ review mandatory unless raise pure question of law (2016); DOJ review procedure applies to taxes, not fees

# 4.2 Power to Tax (Specific Taxes)

- Business tax: cannot be imposed on condominium corporations since not engaged in business; there is double taxation if same activity is taxed based on business tax on manufacturers and business tax on any other business
- Franchise tax: no double taxation when levied by national government and local government
- Petroleum Products: prohibition on the imposition of tax on petroleum products includes non-imposition of excise tax on petroleum products and business tax on petroleum business
- Sand and Gravel Tax: province can only impose on public, not private, lands
- Real Property Tax: extends to municipal waters (2016); submarine cables are akin to electric transmission lines, hence not exempt (2016)
- Amusement Taxes: allowed for cinemas, not golf courses (2016)

### 4.3 Internal Revenue Allotment

- Alvarez 1996: IRA part of income
- Pimentel 2000: Withholding of IRA amounted to control and infringed on fiscal autonomy; Requirements under LGC not followed (executive withholding)
- Batangas 2004: Placement of IRA in Local Government Special Equalization Fund violative of fiscal autonomy and automatic release provision (legislative withholding)
- ACORD 2005: Earmarking of IRA in Unprogrammed Funds does not conform with automatic release provision; GAA cannot amend LGC since rider (legislative withholding)
- CSC 2005: 'No Report, No Release' policy runs counter to automatic release provision (regulatory withholding)

### 4.4 Other Sources of Funds

#### **Constitutional**

- Equitable Share in Utilization and Development of National Wealth
- Fees and Charges
- Other Sources

### Statutory

- Loans
- Grants
- Private Sector Participation
- Bonds and Debentures

#### Characterization

- Delegated Authority (by Constitution and Law)
- Subordinate Legislation (to Constitution and Law Pass tests of constitutionality and consistency with prevailing statutes) (early retirement ordinance not violate law against proliferation of supplementary retirement benefits)
- Denominated Legislation (must follow procedures)
- Derivative Legislation (from people)

#### **Presumptions**

- Presumed Valid and Constitutional (substance): To overthrow these presumption, there must be a clear and unequivocal breach of the Constitution, not merely a doubtful or argumentative contradiction.
- Sanggunian presumed to have acted with regularity (procedure)

#### **Local Legislative Bodies**

- Collegial Body (in a session; verbal concurrence not enough)
- Quorum (all elected and qualified)
- Voting Requirement (Majority, exception)
- Integrity of Procedure (parole evidence, oral testimony, burden of proof)
- 1<sup>st</sup> day of Session (Internal Rules of Procedure; Other Matters)
- 3 Readings (possible 3 readings in 1 day)
- No Coercive Powers (unlike Congress)
- Tax Ordinances: Notice and Public Hearing
- On Contracts: Prior authorization (ratification); not filing of cases (except when required by law, e.g., eminent domain)

Ordinances	Resolutions
Equivalent to Law	Expression of Sentiment or Opinion
Public or Governmental	Private or Proprietary
More or Less Permanent	Temporary
GR: undergo 3 readings	GR: undergo 2 readings
All subject to Veto and Review	Only Some subject to Veto and Review

### Why Distinguish?

- Legality (expropriation; reclassification; approval of terms of loan [amended in 2015])
- Applicable Procedure (veto and review)
  - Ordinances subject to review, published and posted (loan obligation)
  - Authority to sign contract in resolution form but the terms of loan obligations must be authorized in an ordinance (amended in 2015)

**Tests** are divided into the <u>formal</u> (i.e., whether the ordinance was enacted within the corporate powers of the LGU and whether it was passed in accordance with the procedure prescribed by law), and the <u>substantive</u> (i.e., involving inherent merit, like the conformity of the ordinance with the limitations under the Constitution and the statutes, as well as with the requirements of fairness and reason, and its consistency with public policy)

#### **Tests of Valid Ordinance**: Ordinances must **NOT**:

- contravene Constitution
- be inconsistent with Statutes
- discriminate
- be unreasonable
- be contrary to public policy
- prohibit trade

### **Operative Fact**

- "void legislative act xxx" does "not confer any right nor vest any privilege to xxx" (grant of franchise)
- A mayor cannot be held personally liable if his actions were done pursuant to an ordinance which, at the time of the collection, was yet to be invalidated

- Role of NGAs: When there is a Law <u>and</u> only on Questions of Law (i.e. DOJ for tax ordinances [but cannot declare excessive], DBM for appropriation ordinances; not OP, DENR and DILG)
- Role of Courts: Declare Invalid, Illegal and Unconstitutional (declaratory relief); Courts will go slow in writing off an ordinance as unreasonable unless the amount is so excessive as to be prohibitive, arbitrary, unreasonable, oppressive, or confiscatory, examine municipal conditions as a whole
- Contracts: Prior authorization (unenforceable; may be ratified acquiescence and benefit e.g. recognition; specific and current appropriation)
- Effectivity: Ordinances and resolutions approving the LDPs and PIPs formulated by the LDCs of the Sangguniang Bayan or Sangguniang Panlungsod become effective after review by the Sangguniang Panlalawigan, posting on the bulletin board, and publication

- Effect of Re-Election on cases (no condonation whether criminal or administrative)
- Rule on Succession (Acting Capacity, Ranking, Last Vacancy, 2<sup>nd</sup> placer; Vice-Mayor automatically assumes powers of mayor when mayor abroad)
